ABOUT

DON PANZIK

From a very young age, Don Panzik knew creating music was his calling. Artists of the time caught his attention and that started a lifelong passion that could not be erased or ignored. Don made sure his early path provided a platform to launch him into a musical career that took him to many different parts of the world performing with the most talented musicians of the day.

Those familiar with Don's music comment on his unique style to be compared to bands such as Eagles, The Beatles, Coldplay, Muse, AC/DC, Def Leppard, Radiohead & Supertramp. As demonstrated in his most recent work "A World Of Our Own", Don adds to his sound an edgy quality that is both rockin' and uplifting. His music does what it's supposed to do: it stays with you and plays on even after the song has ended. Listeners can't help but want to clap, sing along, dance and really feel the rhythm of his entertaining sounds.

Over the length of Panzik's career, he has had the pleasure of sharing stages with and entertaining artists, such as Bon Jovi band members, Slash, Lester Chambers, Bo Diddley, Eddie Money, Rick Springfield, Bob Segar, Edgar Winter and many others. He has worked with various industry producers in studios from Boston, the Carolinas to Los Angeles. Both old and young enjoy Don Panzik's music.
